

Pflimlin Balks At Resigning

SAYS CIVIL WAR IS THREATENING—French Premier Pierre Pflimlin addresses a special session of the National Assembly in Paris Monday. Pflimlin warned an emergency session of parliament that a civil war is threatening and called on all Frenchmen to defend their basic liberties. The embattled premier went before the assembly as the rightist drive to oust Gen. Charles de Gaulle to power spread. (AP Wirephoto via radio from Paris)

French Leader Will Not Yield To De Gaulle

He Makes Decision After a Meeting With His Cabinet

PARIS (AP)—Premier Pierre Pflimlin today refused to step down so that Gen. Charles de Gaulle could form a government.

Pflimlin reached his decision after a Cabinet meeting and two conferences with President Rene Coty.

A minister who attended the meeting said Pflimlin would make a statement to the National Assembly in presenting a government motion which would pose a question of confidence.

If confidence is voted, Pflimlin will stay in his job. If the vote goes against him, he will resign and De Gaulle presumably will be called in by the President.

De Gaulle had moved today to form a new government, and for a time there were reports that Pflimlin and Coty were helping him lay the foundations for a takeover under the established rules.

As things looked at nightfall, De Gaulle could not win a vote in the Assembly.

Apart from the Communists, the Socialists were solidly against him. So were perhaps 40 per cent of Pflimlin's party—the Popular Republicans (MRP)—and some radical and center groups.

But the political situation was developing so rapidly from hour to hour that there could be sudden shifts in party positions.

De Gaulle has said he intends to use legal means to reach office. That implies he would have to be invested by the National Assembly as other premiers are. He would be unlikely to accept a slim majority.

The De Gaulle-Pflimlin meeting took place at the country estate of Defense Minister Pierre de Chevigne, a few miles west of Paris.

The two men quietly talked over the grave political situation France is facing as result of the virtual breakaway of the French generals in Algeria and the mounting clamor for the World War II hero to take over.

De Gaulle announced earlier in the day he was moving to take over the government. He urged the nation to remain calm.

Indonesians Claim Downed Rebel Plane Had American Pilot

JAKARTA (AP)—The Indonesian army said tonight the pilot of a rebel Indonesian bomber shot down by government forces is an American. The army identified him as Allan Lawrence Pope of Miami, Fla.

The army said Pope was one of two airmen captured after their U.S.-built B26 bomber was shot down in flames near Ambon May 18 while attacking Indonesian government ships.

The chief army spokesman, Lt. Col. Pirngadie, said both captured airmen had been brought to Jakarta and are held at an undisclosed place. He said Pope is 30 and has a wife and two children.

He said documents found on him showed that Pope formerly was a U.S. Air Force Lieutenant and now is with the "Civil Air Transport," with headquarters in Taipei, Formosa. CAT is the air line founded by Maj. Gen. Claire L. Chennault of Flying Tiger fame.

Post Office Flag Flown at Half-Staff

In compliance with a Presidential proclamation of May 17, the flag of the United States will be flown at half-staff at the post office all day on Wednesday through Friday.

The display of the flag at half-staff will honor the return and final burial of two unknown Americans killed in the Second World War and in the Korean conflict.

City's Auto Park Plan Under Way

Workers Busy On Three New Parking Areas

A special effort is being made to revolutionize the appearance of Sedalia's city parking lots, both the new ones under construction and the lots which have been in use for some time. Clyde Swafford, chairman of the off-street parking lot committee, is pushing the construction of the new lots toward rapid completion.

Workmen began placing the first three-inch layer of crushed rock on the graded lot at Main and Massachusetts Tuesday morning. This layer will be compacted and wet down, then another three-inch layer will be added. Next will come the application of a 1½-inch layer of hot mix and the surface will be ready for use.

After the surface is prepared, the curbing and meter posts will be installed, and a guard rail will be installed to protect the base of the water tower. A light pole has been removed to allow entrance from Main or Massachusetts.

At Fifth and Osage, workmen Tuesday morning were preparing the sub-grade, and making ready for the application of the two compacted coats of crushed rock. The curbing has been completed. One light pole was removed to allow for the curbing to be set back on Osage. The construction will follow the pattern set at Main and Massachusetts.

Art Kinkade, who has been designated engineer-inspector for the off-street parking program, said the delay in the arrival of meter posts and other necessary equipment was causing a delay in the construction of the various lots.

The lot at Third and Osage has been cleared of all obstructions, and workmen are preparing the sub-grade. The corners have been staked out and the drainage is being worked out. This lot also will have a six-inch compacted rock base covered with the 1½-inch hot mix coat.

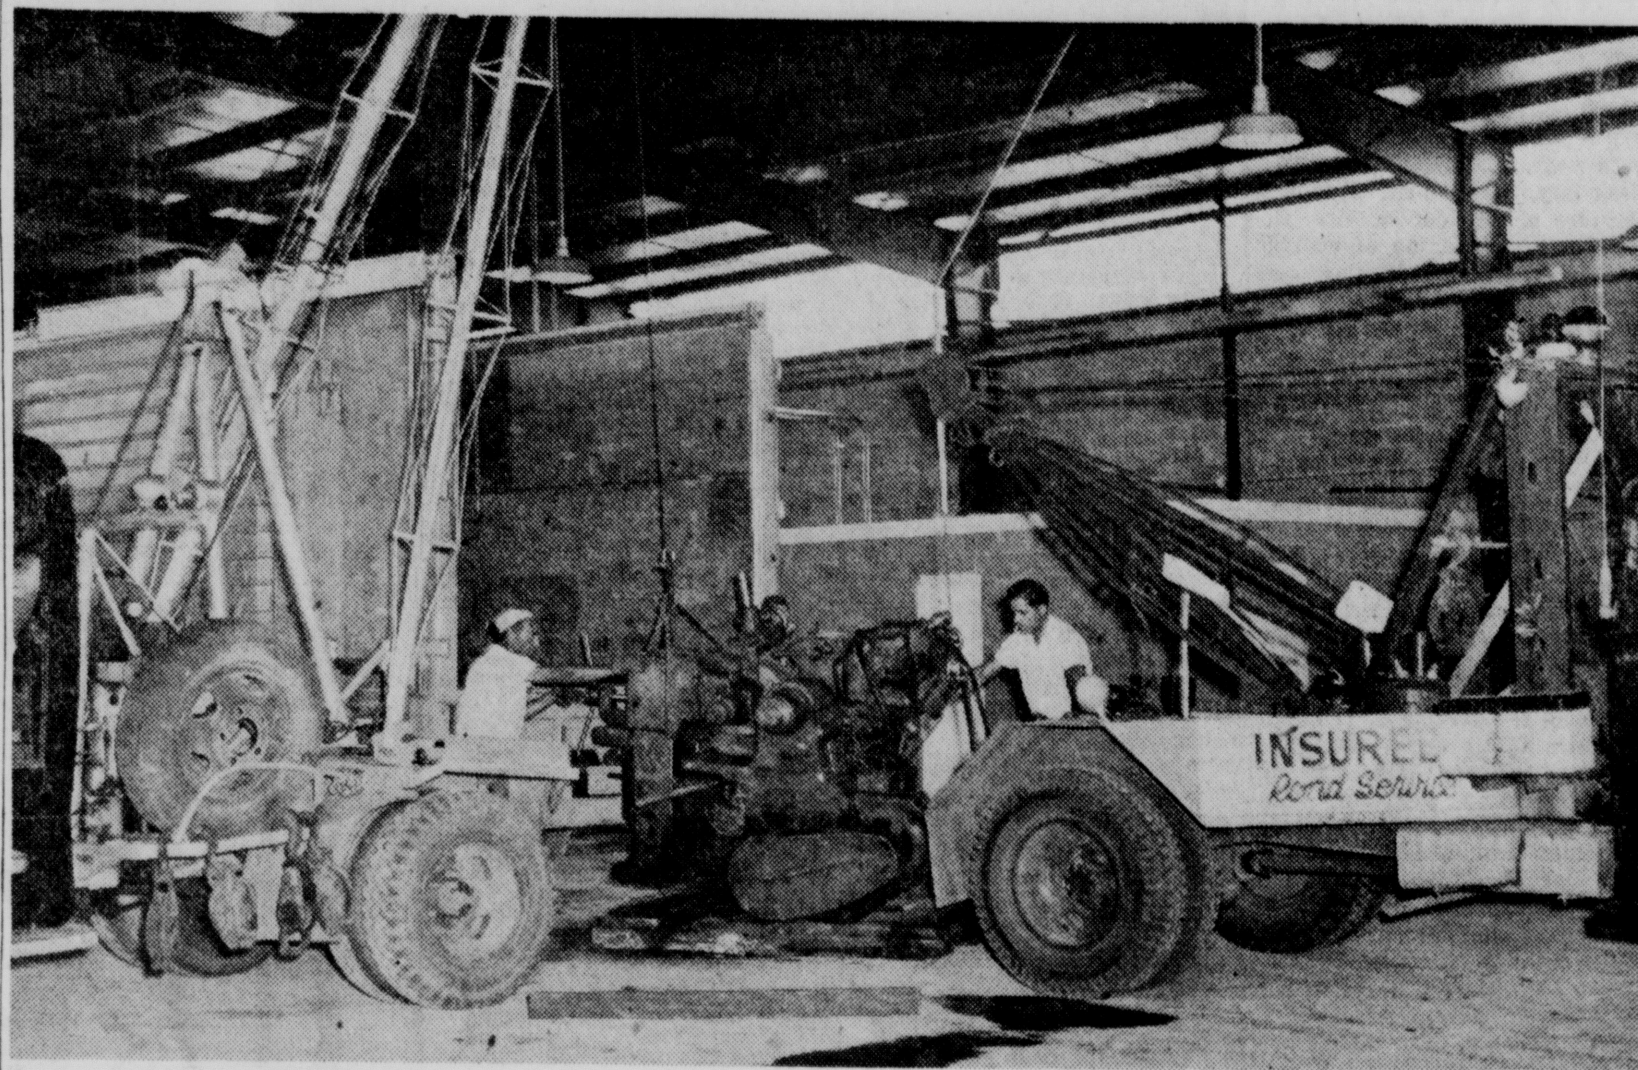

When completed, Kinkade said this lot would revolutionize the appearance at Third and Osage. The new First State Savings Assn. building with the customer parking lot and the new city parking lot will add a completely new appearance to the corner. A new concrete sidewalk will be added at the city lot, on the sides facing Third and Osage. There will be room for two rows of parked cars, with a 24-foot runway between the rows. There will be entrances from the alley and from Third.

The lot to be constructed at Pacific and Ohio is under contract and construction should begin soon, Kinkade said.

In addition to the new lots, the parking program will be improved in other ways. The lot now in use at the City Hall will be renovated, and the lot across from the post office is due for a complete facelift. The old meters will be torn out and new ones installed, and the surface will be overhauled.

Kinkade said the parking lot committee was paying particular attention to the construction and renovation so that when completed, Sedalia will have a parking program it can be proud of.

New Industry Will Start Operations Next Week; US Contracts Obtained

GETTING READY FOR BUSINESS—Workmen guide a heavy piece of machinery as it is hoisted off a truck at the new plant of the Precision Engineering Co. in Sedalia's Industrial Park Tuesday afternoon. The machinery was hauled here from Ma-

quoketa, Ia., late Saturday night, but the muddy condition of the site prevented unloading until Tuesday. Work is expected to begin Monday, and government contracts have already been obtained for Sedalia's newest member of its industrial family.

Its Machinery Is Unloaded, Set In Place

Key Men to Come From Iowa, Rest Will Be Hired Here

Sedalia's newest industry, the Precision Engineering Co. of which Charles Reisdorph is president, will start operating the first of the week with a few key men who are skilled in the operation of the machines and already it has several government contracts lined up.

A notice will be put in The Democrat-Capital later for additional employees, as work develops Reisdorph stated. He is bringing only two or three skilled men with him. All the others will be employed from this area.

Seven years ago Reisdorph started this industry in Maquoketa, Ia., with \$1,700 and an idea and it has grown to the industry it is today, with operations going full blast.

During the time that Vernon Rodick was president of the Sedalia Chamber of Commerce and Abe Silverman was chairman of the industrial committee, a post he resigned when he became mayor, the decision was made by Reisdorph to come to Sedalia. He has been working toward that since that time, and the plant would have been moved here 60 or 90 days ago had it not been for the bad weather which halted work on the building.

This building is in the new Industrial Park, located on the north side of Highway 50 between the Missouri Pacific Railroad spur that goes to the Fairgrounds, and the trailer court. The Precision Engineering building is located in the extreme north end. The Industrial Park can be entered only from Main Street at the present time and the road is being improved.

Although there is still some work to be done, the building is practically complete and the machinery was unloaded and set in place Monday afternoon.

The Schien Truck Lines furnished the truck to go to Iowa and bring the equipment to Sedalia. The Teamsters Union, 534, Royal Cowger, secretary-treasurer, and George Chamberlin's Service Garage, assisted in unloading the equipment and setting it in place. This was a big job and took five hours but there was no difficulty in unloading. The heavy machinery included a six-spindle automatic screw machine, two single-spindle automatic machines and a centerless grinder. There are also drill presses and smaller machinery.

This is the slack time of year for the Precision plant, and thus government contracts have been secured with a \$140,000 work schedule for completion in 90 days. These are both large and small contracts. The busy season will start in September.

Sedalia was fortunate to have engineering ability and talent in the Chamber membership in other (Please Turn to Page 6 Col. 3)

MoPac Mail Car Catches Fire After Stop Here

Damage estimated at \$10,000 occurred to a New York Central railroad mail storage car which arrived at the Warrensburg station of the Missouri Pacific Railroad just after noon Sunday after catching fire after the train left Sedalia.

The westbound train arrived at 12:55 p. m. The fire is believed to have been caused by faulty brakes causing sparks to set fire to the floor of the car. The fire penetrated the floor and damaged some mail stored there. The extent of the damage could not be determined until the car was inspected in Kansas City.

The car carried mail from the eastern states and was a part of the Missouri Pacific train No. 5, the Missouri River Eagle. The brakes apparently failed to release after the train left Sedalia. The car was set on a siding in Warrensburg and the train continued on its way at 1:25 o'clock.

City firemen had the fire under control by 2 o'clock and after it was repaired and the bearing boxes on the wheels were repacked, the car was sent on to Kansas City on train No. 9 at 6:30 o'clock Monday morning.

Guards were posted around the car during the night. Postmaster Horace Cash and a postal inspector from Sedalia had charge of the car during its stay here.

Bandit Gets \$800 In Holdup Of Service Station

An armed holdup Monday at the Little Rock Service Station, 10 miles west of Warrensburg on Highway 50, was reported by Sheriff William O. Fortney by Ernest Morris, operator of the station.

Mr. Morris called Sheriff Fortney at 6:45 a.m. and told him a masked man had just robbed him of \$800 after making him open a small vault and lie on the floor while the man escaped in an automobile.

Sheriff Fortney said the only description of the man given by Mr. Morris was that he was just under 6 feet tall and of medium build. He was wearing dirty khaki trousers and a cap and had a scarf over his face.

When the man came in to the service station all he said was "Hand it over." Mr. Morris told the sheriff. The bandit emptied "Fand it over," Mr. Morris told him to lie on the floor. Mr. Morris did not see the car nor was he sure in which direction it went after it left the station.

Mr. Morris told the sheriff he did not know what kind of a gun the man had, whether it was an automatic pistol or a revolver.

Cardinal's Body Lies In State Today

At North American Pontifical College Until Wednesday

ROME (AP)—The body of Samuel Cardinal Stritch lay in state today at the Pontifical College where Americans study for the priesthood.

The 70-year-old Archbishop of Chicago died early today (1:35 a. m. Tuesday Rome time; 6:35 p.m. Monday, Central Standard Time) at Rome's Sanatrix Clinic. He had been confined there with circulatory ailments since he arrived in Rome April 25 to assume the high post given him by Pope Pius XII.

The cardinal's body will remain at the North American Pontifical College until Wednesday night. Then it will be taken to Rome's St. Ignatius Church. A funeral Mass will be celebrated there Thursday and the body will be flown home to Chicago for burial. The funeral mass will be celebrated by Bishop Martin John O'Connor of Scranton, Pa., the rector of the Pontifical College.

All cardinals in Rome will pass before the body and each give his absolution. The cardinal died before he had a chance to take up his duties as pro-prefect of the Vatican's Congregation for Propagation of the Faith. He was the only native American ever named to the Vatican Curia, the church's highest administrative body.

The prelate was stricken first with a blood clot in his right arm while en route to Italy to take up his Vatican post. Three days later the arm was amputated to eliminate danger of gangrene.

Brooklyn Woman Sets New TV Win Record

NEW YORK (AP)—Elfrida von Nordoff Monday night became the all-time high winner for a single TV quiz show.

The Brooklyn woman set a new mark when she won \$50,000 to boost her bankroll on NBC-TV's Twenty-One to \$216,500.

They Will Lie In State

Ship Bears Unknown Fighting Men Home

WASHINGTON (AP)—Two American fighting men came to the nation's capital today in death and in honor.

Nobody knew who they were. But all America knew what the free world owed to their sacrifice. The destroyer Blandy docked at the naval gun factory, bearing

Rites Times For Unknown Servicemen

WASHINGTON (AP)—Here are highlights of ceremonies in connection with burial of the unknowns of World War II and Korea.

(Times are Eastern Daylight)

Wednesday (May 28)

9:30 to 9:45 a. m.—Arrival ceremony. Bodies of the Unknowns are received officially by military and civilian dignitaries, including secretaries of the Treasury, Defense, Army, Navy and Air Force.

9:45 a. m.—Motorized cortege leaves for U. S. Capitol, where the bodies will lie in state.

10 a. m.—Vice President Nixon, Cabinet members, Supreme Court, Diplomats, congressmen and others gather at brief ceremony to meet funeral cortege at Capitol rotunda.

General public will be permitted to view caskets and provide wreaths and floral tributes. Round-the-clock honor guard stands watch until bodies leave for Arlington.

Thursday (May 29)

Viewing and wreath-laying continues.

Friday (May 30)

Morning hours reserved for veterans and other organizations to present tributes at the Capitol.

1 p. m.—Unknowns start journey from Capitol rotunda to amphitheater at Arlington National Cemetery. (Procession to take an estimated hour and 20 minutes).

1:15 p. m.—Funeral procession starts from Constitution Avenue and 1st Street N. W.

3 to 3:30 p. m.—Funeral service at Arlington amphitheater attended by President Eisenhower.

3:40 p. m.—Final interment ceremonies on amphitheater plaza.

It's Best

Maybe it's better for the sky to get the rain out of its system now so it can be clear for the Memorial Day weekend.

Partly cloudy through Wednesday with widely scattered showers or thunderstorms tonight; not much temperature change; low tonight 55-60; high Wednesday 78-82.

The temperature at 7 a.m. was 68 and 82 at 1 p.m. Low Monday night 63.

The temperature one year ago today, high 72, low 47; two years ago, high 88, low 67; and three years ago, high 85, low 62, with .47 inch of rain.

Why Did It Blow Up?

AFTER MYSTERIOUS EXPLOSION—An Air Force 4-engine RC 121 Super Constellation radar plane goes up in flames after it mysteriously

blew up on the landing strip at Otis AFB, Mass. All 12 crew members aboard escaped. (NEA TELEPHOTO)

Deplores 'Spectacle at National Level'

Governor Says Missouri Sound, Needs Positive Promotion by US

KANSAS CITY (AP)—Gov. James T. Blair pictured Missouri today as an oasis of soundness in an economic wilderness. He urged every Missourian to accent the positive in selling the state's advantages.

The governor gave a bright picture of Missouri's future as an industrial and tourist state in a speech prepared for a luncheon of the Missouri Public Expenditure Survey, a taxpayers' organization.

"If the public is accurately informed," he said, "I am sure that here in Missouri we can avoid the panicky approach to major problems that now seems to be prevailing in congress."

"I am a firm believer in our two-party system. Under it I am a partisan Democrat. But when we see the spectacle at the national level of the two parties seemingly competing to see who can put forward the most extreme measures—I believe we have exceeded the bounds of responsibility."

"I am sure that the most ill-advised manifestation we could make of our interest in Missouri's

prosperity would be to ape Washington's thinking with massive state government intervention in the economy of Missouri."

One of the most important tasks, he said, is to create a climate that invites business and industry to locate in the state.

"In this era of pursuit of undried cure-alls for every economic ache and pain, let us strive to keep Missouri an oasis of soundness—a state that is hospitable to business and industry and to the tourist and traveler, a state where the general good is kept uppermost, where citizens and state government alike insist upon full value received from every tax dollar, where taxes are kept reasonable and fair, and where state services are good not because we emphasize spending more than other states but because we secure full mileage from every tax dollar we take from the public."

"I solicit your participation in the important task of selling Missouri. I should like to see every Missourian an evangelist for Missouri."

The governor conceded that new

tax revenues probably will be needed soon.

"When that time comes," he said, "we must not try to conceal the fact that 'only people pay taxes' by saying we will soak business instead. Taxes are charged as part of the cost of doing business and must ultimately be paid by the consumer. We must be informative about need, straightforward about the incidence of the tax burden and we must keep the increase to the minimum."

In spite of all the recession talk, Blair said, new industry and industrial expansion is expected to set a new record in Missouri this year. And the current development of deep iron ore deposits in east central Missouri "promises contributions to the future of the state's economy that stir the imagination."

The governor said he wants to strengthen the Division of Resources and Development. He promised the state would be even more aggressive in going after new industry and increased tourist business, which now exceeds an estimated \$900 million a year.

Husbands Guests At Xi Omega Ham Supper

Xi Omega Chapter, Beta Sigma Phi, met at the home of Mrs. Ira DeJarnette with Mrs. Frank Tubising as co-hostess.

As this was the last meeting of the year a contributive ham supper was served at 6:30 p.m. to all members and their husbands.

A short business meeting was held by the chapter with the new committees for the coming year giving short reports. It was decided that the chapter will have a booth at the street bazaar.

The social committee announced for June a weekend at the lake cabin of Mrs. Rosalee Pressley.

Mrs. Mary Bruns gave the program on "General Information." This covered the state flag, seal, flower, bird, song and tree for Missouri, which was very informative.

The meeting closed with the ritual being repeated.

The remainder of the evening was spent in playing cards and conversation.

Those attending were: Mr. and Mrs. Lacy Belt, Mr. and Mrs. Ed Bruns, Mr. and Mrs. Ira DeJarnette, Mr. and Mrs. William Fingland, Mr. and Mrs. Rudy Grother, Mr. and Mrs. Leland Hall, Mr. and Mrs. Ben Holland, Mr. and Mrs. Fred Karigan, Mr. and Mrs. Elmer McClung, Mr. and Mrs. Ben Moore, Mr. and Mrs. Ellis Moore, Mr. and Mrs. Bill Padgett, Mr. and Mrs. Lloyd Parker, Mr. and Mrs. Gentry Patterson, Mr. and Mrs. Frank Sellers, Miss Grace Farley, Miss Joan Moore, Miss Georgia Sullivan, Miss Mildred Sullivan, Miss Deane Thompson, Mr. and Mrs. Frank Tubising, Mr. and Mrs. Leon Welbern, Mr. and Mrs. Jerry Trotter, Mr. and Mrs. Jerry Luchs, and Mr. and Mrs. Ed Brummet.

Pleasant Hill WSCS Installs Officers

The WSCS of Pleasant Hill Methodist Church met at the home of Mrs. R. G. Franklin with Mrs. Carl Franklin assisting. A contributive dinner was served to 15 members and five guests.

Mrs. R. G. Franklin was in charge of the program and the following officers were installed by Mrs. Bell Green. President, Mrs. R. G. Franklin, vice-president, Mrs. E. E. Barrick, secretary, Mrs. Harry Kehl, treasurer, Mrs. Frank Van Dyke, secretary of promotions, Mrs. Claude Leiter, secretary of education and services, Mrs. George Harrison, local church activities, Mrs. Harry Kehl student work, Mrs. Teel Hickam, youth work, Mrs. Frank Van Dyke, missionary, Mrs. John Rundlett, literature of publication, Mrs. Homer Thompson, statue of women, Mrs. Roy Irwin, sunshine and cheer, Mrs. J. J. Kehl, publicity and news, Mrs. Carl Franklin.

Circles of Immanuel Church Met Recently

The Circles of Immanuel Evangelical and Reformed Church (United Church of Christ) met as follows:

The Ruth Circle met at the home of Mrs. Emma Smith, 202 South Prospect on Thursday May 15, at 1:30 p.m. Mrs. O. A. Wagner assisted with the serving of 11 members. Mrs. Tom Gray, Jr. gave the devotion and Mrs. Frank Gross gave the program, "As Others See Us". Mrs. William Schwermer conducted the business.

The Dorcas Circle met at the home of Mrs. Earl Eakins, 2019 West Second on Thursday May 15, at 1:30 p.m. Mrs. Orville Perkins assisted the serving of 11 members and one guest. Mrs. Harry Williams gave the devotion, "What is Prayer?" and Mrs. Eula Vaughan reviewed a chapter in the book, "Kingdom Beyond Caste". Mrs. Orville Perkins conducted the business.

Officers Installed At 4-H Meeting

New officers were installed at the May meeting of Striped College 4-H Club held at the school. Mrs. T. I. Patrick, Carolée Shirley and Leland Finley were in charge of the impressive ceremony.

Several demonstrations were given by Jerry Smith, Don Eye and Jimmy Johnson. Reports were given by the tour, family night, count council, home furnishings and livestock committees. Films were shown by Leland Finley.

Refreshments were served by the Striped College Extension Club to the 46 persons present.

Esko Ollila and Dr. Durnell will be the speakers at the June 4 meeting to be held at the Striped College School.

Mrs. Neef Hostess

The Martha's Guild of the Housatonia Community Church met May 23 at the home of Mrs. Earl Neef with 13 members and nine children present.

For the devotional Mrs. Walter

SCHOLARSHIPS — Miss Nona Payne, right, and Miss Rita Napier, left, have been awarded scholarships to Texas Women's University at Denton, Tex., according to J. O. Miller, guidance director of Smith-Cotton High School who received the notification telegram Friday evening. Miss Payne and Miss Napier, both members of the 1958 Smith-Cotton graduating class, indicated that they have accepted these scholarships in preference to stipends offered by other universities and colleges.

Miss Payne is the daughter of Mr. and Mrs. Joe Payne, 919 West Tenth. She plans to take a business secretarial course at Denton. Miss Napier, daughter of Mr. and Mrs. Del Napier, 211 East Saline, ranked seventh in the graduating class. She was Senior Class president and Spiz Club President. In outside-school activities she has served as honor queen of Job's Daughters and president of the Young People's Service League of the Episcopal Church. She plans to major in history at Denton.

Fricke used an article entitled, "The Sanctity of the Home." Cookies and money were solicited for the Vacation Bible School to be held the first and second weeks in June.

After the business meeting a social hour was enjoyed and refreshments served.

How to Reduce Painful Swelling of Piles —with home medication

Anyone May Enter

Many Pretty Yards Not Entered In City Yard of Month Contest

All over Sedalia the flowers are blooming and there are many very pretty yards that could be entered in the "Yard of the Month" contest sponsored by the civic activities division of the Chamber of Commerce and the Sedalia Garden Clubs.

Mrs. A. A. Ferguson is chairman of the city beautification committee and would appreciate having entries made by anyone who sees a pretty and colorful yard in any part of town. The address may be called in to the Chamber of Commerce office, TA-6-2222.

A brief description of each of the winning homes follows:

The home of Mr. and Mrs. C. H. Joy, 1900 West Broadway, a first place winner, is a modern red brick with long flower filled planters across the front. In the planters are white roses, red geraniums and lavender. A gay border of iris is along the back fence and may be seen plainly from Broadway, and at the west side of the lot is a perennial border. Large evergreen trees as well as other trees are on the big front lawn.

Another first place winner is the home of Mr. and Mrs. E. W. Thompson, 1020 South Barrett, a Southern mansion type house in a setting of evergreens, blooming shrubs and large shade trees. The spacious green lawn has a wide border of colorful iris on the north side.

A modest little white house at 320 East 24th, is the home of Mr. and Mrs. Walker Paxton, also a first place winner. This shows much work within the white fence that encircles the grounds. There are roses, shrubs and perennials everywhere. A rose climbs the trellis in front, and pink petunias bloom gayly in a homemade urn. Around a tree near the front a planter has been built of white bricks and filled with red and white petunias. The whole place seems to sing out to those who pass. "These people love flowers."

Still another first place winner is the home of Mr. and Mrs. George W. Stevens, 2005 East Broadway. A home with a neat, well kept appearance, this white house with awnings is very attractive. Although it does not have blooming flowers, it has a nice foundation planting of evergreens, and a white fence along the side of the green lawn.

Red geraniums give splashes of bright color to the new home of Mr. and Mrs. George H. Trader, 1515 West Third, second place winner, which is a yellow brick, and in front of the house on one blooming flowers. The lawn is neat and in front of the house on one side is a pansy bed. New small shrubs in the side yard are already covered with bright red blossoms.

A little white house on a corner lot is very effective with its window box of bright red geraniums. The grass here, too, is nice and there are evergreens around the foundation. Flowers are blooming in the back yard which may also be seen from the street. This is the home of Mr. and Mrs. F. G. Knerl, 920 South Monticau, also second place winners.

The home of Mr. and Mrs. Austin Neville, 1201 South Wagner, also white, has a border of brilliant flowers in the back that may be seen from the street. There are shade trees and pretty grass. Rose bushes are starting to bloom and a snowball bush has little green flower balls that are just about ready to turn white. This, too, is a second place winner.

Big shade trees are in the yard of Mr. and Mrs. Charles W. Evans, 1801 East Sixth, also a second place winner. There are evergreen and flowers and along a fence at the back of the house grape vines growing on a fence. The home is green and white and very tidy.

Among the four third place winners was the gray house with the trim yard and evergreen plantings of Capt. and Mrs. Richard C. Scott, 1603 West Fourth. Chinese elms were in the front yard and pansies blooming profusely.

The little white house on a corner lot of green and well trimmed grass, belonging to Mr. and Mrs. Siegel Woodward, 1601 West Tenth, looks like a picture. Everything is just so and old fashioned flowers accent the front. Dozens of little pink heart shaped blossoms on the bleeding heart plants, give color, and on the other side is a bed of ferns. The house has green shutters and a climbing rose has reached the top and grown over the front door.

The home of Mr. and Mrs. Oscar Purnell, 1601 East Tenth, has a large weeping willow tree in front yard. In fact the white house has several trees, among them a maple. The deep lavender sweet rocket blooms in the yard and in the back that may be seen from the street is a lovely border of iris.

One of the most spacious yards is that of Mrs. Gertrude Fischer and Mrs. Frieda Nelson, sisters, at 322 North Brown. Here is found the rustic note in a fence of tree limbs and rocks, along which clumps of iris bloom. In the back, that may be seen either from Brown or Saline since the home is on the corner, is a mulberry tree that has been taken over by a wisteria vine that is in full

bloom. A bit of Missouri woodland has been transplanted into a large rock garden that has a pool, and is in plain view from the street on the north side of the house and on the south side color runs rampant in oriental poppies, peonies and sweet rocket.

Honorable mention was given to the home of Dr. and Mrs. F. I. Lawrence, 1600 West 16th. This is a brown shingle home with a perennial border on the east. Beyond the fence that divides the yards iris and perennials may be seen.

A large pink weigelia and other shrubs. Among the trees is a blue spruce and a red leaf maple.

One of the brightest spots in town is the home of Mr. and Mrs. William P. Tryon, 1622 West Tenth, of red brick and gray wood. This home has seven windows across the front, each with a white window box filled with bright red petunias. Among the foundation planting which includes evergreens and a yellow leaf shrub is red salvia.

The home of Mr. and Mrs.

Frank Chaney, 1316 New England Drive, which is red brick with red roses blooming in front. This home has a beautiful lawn and roses, with a perennial border in the back.

The white house with gray shutters with a curving walk in front, of Mr. and Mrs. J. A. Bloess, 607 South Beacon, with its nice grass lawn, is attractive with red geraniums accenting the evergreen foundation.

The home of Mr. and Mrs. Leo Eickhoff, 705 West Fifth, is a large white frame house with red weigelia in bloom, as well as iris and roses. The foundation planting is of evergreens and shrubs.

The S. E. Boyle home, 601 South Beacon, white with green shutters, looks as though every blade of grass is in place. Along the front of the house are clumps of yellow iris.

Ike Assured Of Support In Tax Stand

WASHINGTON (AP)—Congressional leaders appeared willing today to go along with President Eisenhower's stand against any anti-recession tax cuts at this time.

House Speaker Sam Rayburn (D-Tex.) and Rep. Wilbur Mills (D-Ark.), chairman of the House Ways and Means Committee, worked on a statement expected to support the President's position.

Since tax-raising and tax-cutting legislation must originate in the House, the position of the House speaker and the chairman of the tax-writing committee could be considered decisive on the issue.

The President's stand was announced last yesterday after earlier conferences between congressional leaders and the Secretary of the Treasury Anderson. Presumably it had the advance blessing of the House leaders.

Although some senators disagreed, Chairman Harry F. Byrd (D-Va.) of the Senate Finance Committee, which handles tax legislation, openly welcomed the administration stand. He said tax cuts could start a new spiral of inflation.

Eisenhower called again for action to halt scheduled reductions in corporation and excise taxes due to go into effect July 1.

Without renewal, corporate tax rates would drop from 52 to 47 per cent on that date and excise levies on liquor, cigarettes and automobiles would dip to their prewar levels, taking an estimated three billion dollars off next year's federal income.

The Ways and Means Committee probably will meet in the next day or two to approve a simple one-year extension of the present rates.

The White House didn't foreclose the possibility that it may alter its position later if developments warrant.

"The Treasury, as always, will study and evaluate all proposals and the entire tax situation and will act in the light of the economic situation as it develops," a White House statement said.

Sen. Paul Douglas (D-Ill.), a member of the Senate Finance Committee, called the President's stand "a very bad mistake." He contended the country still is in a serious recession which only a tax cut can decelerate.

Israel, Jordan Blame Each Other for Death Of Canadian Officer

JERUSALEM (AP)—Israel and Jordan each blamed the other today for the death of Canadian truce chief Lt. Col. George Flint, killed in a crossfire while trying to arrange a truce between battling units of the two nations.

Flint's own chief of staff said it could not be determined which side fired the bullet that felled the head of the Israel-Jordan Mixed Armistice Commission on Mt. Scopus in Old Jerusalem Monday. Four Israelis also were killed on the Jordan-surrounded Israeli enclave adjoining the Mount of Olives.

Flint, 47, had accompanied a Jordan patrol to investigate rifle fire on Mt. Scopus.

Box That Says 'Who?' Upsets Police Force

COLUMBUS, Ohio (AP)—Something inside the box on the police information desk was saying "Who."

Patrolman Marvin W. Terrell opened it cautiously. Inside was a baby owl.

Inspector Harvey Alston dropped by a few minutes later to explain. His 10-year-old son found the baby bird, which apparently had fallen from a nest. Naturally, the boy thought first of the police and brought it to headquarters.

Zoo officials have promised to pick up the owl.

Other members of the groups are in the background.

Underwater Records Set By Two Subs

GROTON, Conn. (AP)—Two of the nation's atom submarines—the Skate and the Seawolf—have sailed for 30 days and more under the sea to set new endurance records.

Adm. Arleigh Burke, chief of naval operations, hailed the records as "major breakthroughs of the first magnitude with implications far beyond undersea warfare."

During a training exercise, the Skate operated continuously underwater for 31 days and 5½ hours. The Seawolf surfaced after 30 days. She held the previous endurance record of 16 days.

Burke made the dramatic announcement moments before the nation's sixth and fastest nuclear sub, the Skipjack, slid down the ways into the choppy gray waters of the Thames River.

The Skate rode quietly at anchor only a short distance away in the yards of the General Dynamics Corp.'s Electric Boat Division, where it, too, had been launched only last year.

Across the river in New London was the Seawolf, also a product of the same yards along with the pioneer Nautilus.

Burke said the time spent underwater by the 160 men of the two vessels was the longest known period in which man has been exposed to an artificial atmosphere under actual rather than laboratory controlled conditions.

"Space life existence under actual working conditions was proved a reality," he said.

"The men who established the new mark dramatically proved the ability of the Navy's submarine service to conduct unrestricted operations under artificial atmospheric conditions with no adverse effects."

Former Sedalian Wins Scholarship

Dana Lee Parsons, a senior at Southeast High School, Kansas City, has been awarded a 4-year scholarship, with a \$600 annual stipend, to MacMurray college, Jacksonville, Ill.

The daughter of Mr. and Mrs. Gilbert L. Parsons, 6634 Chesnut Ave., she was selected on the basis of leadership qualities and college board examinations. She is a member of the National Honor society. The parents are both former Sedalians. Mrs. Parsons was the former Erna Steiner. The grandparents are Mr. and Mrs. J. L. Parsons, and reside at 710 East Fifth.

Thomas' TV Wife Weds Stage Producer

HOLLYWOOD (AP)—Marjorie stage producer Randolph Hale, 47, Lord, 35, a wife by trade, is now married at the North Hollywood home of TV producer John Guedel, who was best man. She plays Danny Thomas' television wife. Yesterday she and Both had been married previously.

Come in and be "Whisked"

Does the interior of your car sometimes look like a sand-trap combined with a rat's nest—with just a little touch of children's playground? Most cars get that way at one time or another... especially where there are kids and pets. If so, come in and be "whisked."

Whiskbrooming your car's interior so it is spick and span is just one of the little "extras" you can expect when you drive in to a Phillips 66 Station.

Another service your Phillips 66 Dealer will gladly perform is to clean your windows all the way around!

Get acquainted with Phillips 66 Hospitality.

Memorial Service At Florence Methodist

The Rev. August Brueggemann, pastor of the St. John's Evangelical Church, Florence, Mo., will conduct community memorial services in front of the Florence Methodist Church at Florence, on Friday, May 30 at 2 p. m.

Special music will be furnished by the choirs of both churches.

The committees of Florence's three cemeteries, Methodist, Evangelical and Union, are cooperating in this Memorial Service observance.

Assistant County Prosecutor Fired In KC Monday

KANSAS CITY (AP)—Austin F. Shute, an assistant Jackson County prosecutor, was fired yesterday on grounds of insubordination.

Prosecutor William A. Collet said Shute prematurely disclosed evidence prepared for a grand jury that will be impaneled Thursday.

Shute said last Friday he had evidence of a firmly entrenched crime syndicate in Kansas City.

Collet asserted the "premature disclosure of evidence" endangered the success of the grand jury.

Shute retorted that high officials of the police department and prosecutor's office have made deals with the underworld.

Asked if he disagreed with police officials and Kansas City Crime Commission who said there was no organized crime in Kansas City, Shute declared:

"I disagree vehemently with them, and they know better as to organized commercial gambling."

Collet and Lyman Field, police board chairman, said Shute's charges of collusion with the underworld were ridiculous.

"This office has made no deals with anyone," Collet said. "Austin F. Shute is candidate for public office and I can only assume that he needs a campaign issue. The grand jury will determine whether organized gambling exists."

Shute, 32, is a candidate for the Democratic nomination for a magistrate post.

Collet said Shute would be one of the first witnesses called by the grand jury.

Truck Line To Display 'Moverama'

A unique traveling exhibit known as the Mayflower Moverama, which displays the latest scientific methods and materials for moving, packing, and storing household goods, will be on public display here May 28-30 on Ohio Street in front of the court house.

Moverama is an exhibit built right into the latest-type moving van. Devised by Aero Mayflower Transit Company, Inc., nationwide long-distance furniture moving organization, the display will be presented here by Charlie's Transfer, exclusive local Mayflower moving agency.

Moverama currently is on a coast-to-coast tour to acquaint the public with the fact that moving "ain't what it used to be." I shows all the latest developments that make moving from one home to another, whether just down the block or thousands of miles, an easy and safe operation.

Inside the Moverama van, displays include very conceivable type of container for storing household goods during a move—clothing wardrobe, linen carton, lamp shade carton, china barrels, and other scientifically designed containers fashioned for particular items. Windows in each container enable the Moverama visitor to see how the household goods are wrapped and packed inside.

At one end of the van are actual furniture pieces packed for moving and at the other end is the latest type pallet storage used for storing household goods in warehouses. Moving experts explain the latest methods and materials and slide films in full color show actual moving procedures.

It's quite a change from the olden days of moving—in fact, Moverama is an education for young and old. The exhibit is free of charge.

California Seniors Off to Colorado

Members of the 1958 senior class of the California High School left Sunday night for a trip to Colorado.

Accompanying the seniors will be their class sponsor, Miss Duretta Mueller, and Dr. and Mrs. Kenyon Latham. A special car has been provided the seniors on the Colorado Eagle.

The trip is being financed by the money earned by the class members the past several weeks. The seniors are expected to arrive home on Wednesday.

OBITUARIES

Mrs. Ida Denker

Mrs. Ida Denker, 82, formerly of Belton, died Sunday in Cole Camp, where she had lived most of her life.

Mrs. Denker was born in Mitchell, Canada, March 27, 1876, and lived in Belton from about 1946 to 1950.

She was married to Henry Denker Aug. 2, 1900.

She leaves two sons, Carl Denker and Hugo Denker, both of Cole Camp; three daughters, Mrs. Harry Eickhoff, Ionia, and Mrs. N. J. Gorup, Belton; a brother, C. F. Seehaver, Hartman, Colo.; three sisters, Mrs. Rosa Krebbel, Ellinwood, Kan.; Mrs. Carrie Steiner, McPherson, Kan.; and Mrs. Otto Lehner, Cheney, Kan.; three half-sisters, Mrs. John Blum, Kansas City, Kan., and Mrs. B. M. Stumberg, St. Louis; 14 grandchildren and two great-grandchildren.

Funeral services were at 1 p. m. Tuesday at the Eickhoff chapel, Cole Camp. Pallbearers were Robert Denker, Robert Mergan, Henry Benson, Marvin Gramman, Douglas Denker and Theo. Gorup.

Burial was in the Trinity Lutheran Cemetery there.

Edward August Seffert

Edward August Seffert, 76, California, died at St. Mary's Hospital, Jefferson City, at 10:30 p. m. Monday, where he had been a patient the past two weeks.

He was born Sept. 24, 1881, son of the late August Seffert and Minnie Twiehaus Seffert.

He is survived by two sisters of California, Miss Emma Seffert and Mrs. Minnie Burger. He was preceded in death by one sister, Ida Seffert, in 1930.

He was a member of the United Church of Christ where funeral services will be held at 2:30 p. m. Thursday, with the Rev. E. L. Koch officiating.

Burial will be in the IOOF cemetery, California.

The body will lie in state at the Wilson Funeral Home until time of services.

John Wise

John Wise, 83, California, died at the Latham Sanatorium in California at 9:20 a. m. Monday. He had entered the hospital on Sunday, May 25.

He was born near Killebrew, Mo., on April 1, 1875, son of the late Nick Wise and Harriet Wilson Wise. He was married to Sarah Jane Shull on March 31, 1907, who survives.

Surviving besides his wife are two daughters, Mrs. Gerald Wood, and Mrs. George Gregory, both of California; one son, William Wise, Centertown; and six grandchildren.

He was preceded in death by two brothers, two sisters, and one granddaughter.

He was a member of the First Baptist Church in California where funeral services will be held on Wednesday at 2 p. m. with the Rev. Wayne Rosecrans, pastor of the church, officiating.

Burial will be in the Old City Cemetery, California.

The body is at the Bowlin Funeral Home in California.

Corbett McGee Services

Funeral services will be held at 2 p. m. Thursday at the Gillespie Funeral Home for Corbett McGee, 1012 East Tenth, who died at Bothwell Hospital at noon Monday.

The Rev. E. W. Bartley will officiate and Mr. and Mrs. Russell Maag will sing "Whispering Hope" and "Beyond the Sunset." Miss Lillian Fox will be at the organ.

Pallbearers will be Will Haeslip, W. A. McMillin, Ed Hall, Joe Moore, Roy Siegel and Eddie Baldwin.

Burial will be in Crown Hill Cemetery.

James W. Couch

James W. Couch, 92, Liberty, died Monday at the Independence hospital. He was born in Shelbyville, Ill. He was manager of a country club at Sedalia, Mo., before he retired. At one time he also operated a catering service for railroad workers. He previously had lived in Kansas City. He was a member of the Christian church.

Funeral services were at 2:30 o'clock Tuesday at Smithville, Mo.

Samuel R. Merrill Rites

Funeral services for Samuel R. Merrill, former Sedalian, later of Yates Center, Kan., who died at the Missouri Pacific Hospital in

Bud Brown Tells Rotary About Japan

A program on Japan was presented by Bud Brown at Rotary Club meeting Monday noon at Bothwell Hotel, at which time he gave the highlights of his stay in Japan while serving with the Air Corps. He illustrated his talk with colored slides.

The speaker was introduced by J. D. Burke.

Dr. C. Gordon Stauffacher, president, presided over the meeting and invocation was by the Rev. J. R. Wallace. Fred Brink led the singing with Miss Lillian Fox at the piano.

A short talk was made by J. D. Burke on "Memorial Day."

Visitors introduced by J. O. Miller, were: Dr. Earl Collins, president of Missouri Valley College, Marshall and past district governor; C. E. Stevens, Warrensburg.

Rotarian Dr. L. S. Geiger has been appointed by Rotary International as chairman of the Optometry group meeting on Monday June 3, at the Rotary International Convention to be held in Dallas, Texas.

The following will attend the International Rotary Convention which will be held at Dallas, Texas, June 1st to 5th: Dr. L. S. Geiger, Mr. and Mrs. W. E. Hurlbut, Mr. and Mrs. C. Ormer West, Jr. and Mr. and Mrs. F. G. Buchanan.

Re-elected to Post

D. Kelly Scruton, Democrat-Capital sports editor, was re-elected secretary treasurer of the past governor's club at the 36th annual Lions Club State convention in St. Joseph Monday.

Dr. Harry E. Goddard, Kennett, was elected president, and William C. Rosenbaum, Ferguson, was made an honorary member of the past governors club.

New Industry

(Continued From Page One)

Industries willing to help a new industry, and this was done in assisting in securing contracts. Although Dave Stratton, director of engineering for National Engineering and Manufacturing Co., had two heart attacks and had to be confined to his home, he worked on getting contracts for the new company, as did Vernon Rodick, president of National Engineering.

The company will continue to bid on other government contracts and a number of private industries. It is the only such operation in Central Missouri. The government contracts are primarily with the Office of Procurement, U. S. Air Force, Topeka, depot.

One big contract is with the Department of the Navy, Philadelphia. Several of the government contracts will require some machines to operate 24 hours a day.

Reisdorff, who in 1957 was selected as one of the ten outstanding Jaycee National directors, is hoping to become an associate member of the Jaycees here. He plans to move his wife and seven children, Arlen, 15, Carol, nine; Marilyn, eight; Thomas, seven; Susan, six; Diane, four, and Christine, two, to Sedalia soon.

St. Louis Sunday, where held at the Gillespie Funeral Home at 2 p. m. Tuesday. The Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, officiated.

Mrs. T. E. Gasperson sang "The Lord's Prayer" with Mrs. C. D. Demand at the organ.

Pallbearers were M. W. Bailey, C. C. Colafloer, A. E. Lipscomb, A. F. Teiford, K. M. Stanfield and L. R. Butcher.

Burial was in Crown Hill Cemetery.

Mrs. Leslie Hoberrecht Rites

With Christian Science services at 10 a. m. Wednesday at the McLaughlin Funeral Chapel rites for Mrs. Jennie Hoberrecht, wife of Leslie Hoberrecht, who died Monday morning at their home in Lakewood, O., will be conducted.

The body arrived at noon Tuesday over the Missouri Pacific and was taken to the chapel to remain until after services.

Burial will be in Crown Hill Cemetery.

Mrs. Mary Faller Services

Funeral services for Mrs. Mary Faller, 75, widow of the late William H. Faller, 503 East Chestnut, who died at Bothwell Hospital Monday, will be held at the Ewing Funeral Home at 2 p. m. Wednesday. The Rev. Edward D. Vance, pastor of the Church of the Open Bible, will officiate.

Pallbearers will be Donnie, Benjie, Paul and Alvin Kellner, James Bishop and Harry Burford. Burial will be in Crown Hill Cemetery.

Mrs. Faller is survived by two foster daughters, Mrs. N. J. Zimmerschied, Port Angeles, Wash., and Mrs. Viola Barilish, White Swan, Wash.; ten grandchildren and two great-grandchildren.

The body is at the Ewing Funeral Home.

City Hospitals

BOTHWELL — Medical: Mrs. Mary McClung, Route 4; Homer Beatty, Knob Noster; Mrs. Daisy Hibdon, Leeton; Mrs. Mary Howe, Route 3; Earl Hughey, Kansas City, Kan.

Tonsillectomy: Miss Kathryn Lewis, 118 East Tenth; Dennis McCull, 2424 Second Street Terrace; Ralph Lewis Strader, 1634 South Carr; Steve Karigan, 1842 South Beacon; James Kreisel, 312 South Sneed; Gaye Ann and Susan Hag-enak, Cole Camp; Jeffrey Williams, 1915 South Stewart.

Dismissed: Miss Sandra Herndon, Florence; Kenneth Kirby, 324 North Prospect; Baby Timmie McMullen, 1617 West Third; Sandra Mastin, Gravois Mills; Pam-bula Price, 2406 West Second Street Terrace; Mary Jo Bahner, 239 South Stewart; Mrs. Kenneth Brumback, Buncheon; Miss Martha Goetz, Cole Camp; Mrs. Ervin Miesner and son, 1319 South Harrison; Mrs. Myrtle Johnson, 1516 South Beacon; Earl Hughey, Kansas City, Kan.; Timmie Mitchell, 1101 West 16th; Mrs. Ray Neiderwimmer, Knob Noster; Miss Roberta Marsh, Route 1; Mrs. Charles McKinney, 2510 Plaza; Calvin Sherman, Gravois Mills.

WOODLAND — Accident: Mrs. Earl D. Haney, 1104 1/2 West Third, fractured leg in fall on stairway. Surgery: Mrs. Martin Moser, 424 North Stewart.

Dismissed: Mrs. Dewey Carpenter, 928 South Madison; Kent D. Wilbur, son of Dr. and Mrs. H. O. Wilbur, 1001 West Third; Sue Skaggs, daughter of Mr. and Mrs. Virgil Skaggs, 2304 Dennis Road.

Accidents

Dale Gibson, Nelson, was injured Thursday afternoon when a truck rolled over his right foot, crushing it. Gibson was helping load a bed at the Standard Station when the accident occurred. He was taken to Fitzgibbon Hospital, Marshall.

Police Reports

Mrs. Elizabeth Keys, 1220 South Lamine, reported that sometime Saturday night some one scratched her car with a sharp instrument and broke the rear view mirror. Police are making an investigation.

Police received a report Monday that some boys were climbing on top of the Hartman Building at Third and Lafayette Streets and swinging down on the electric wires connected to the building. Police investigated the report.

Police were called to 1517 East Fourth Monday where children were reported throwing rocks at windows and breaking eggs on the porch. They were gone upon arrival of the police officers.

The police department received a report from 302 West Third Monday where children of about nine years old were driving a car and loitering around other cars. They were gone when police arrived.

The small door to the Meyers Barber Shop, South Ohio, was found open by Police Monday. The owner was notified and he requested that the police officer close the door.

The door to the Jetts Cafe in the Milner Hotel was reported found open Saturday night. The door was locked by police and a note was left for the owner of the Cafe.

Police received a call at 11:04 a. m. Monday that Bobby Kulasevich, age 5, had the little finger of his right hand caught in the sprocket of his bicycle. He was taken to Dr. Holdren's Clinic where he received treatment. He suffered no broken bones.

Albert Shoe, 405 East 14th, re-

Circuit Court

Irvin and Connie Smith were awarded \$50 Friday by the Circuit court jury in a \$2,500 damage suit against O. D. and Estelle Raines. The jury reached their verdict at 5:20 p. m. after deliberating for an hour and twenty minutes.

The petition was filed on Dec. 27, 1957, for \$2,500 damages suffered to soil on the Smith farm after a dam on the Raines farm gave away in 1955.

Salvatore and Keating were the attorneys for the defendants and Harold Barrick was the attorney for the plaintiffs.

Fires In the City

The Sedalia Fire Department was called to 100 West Main at 5:34 p. m. Monday where a flare pot was reported turned over. No damage resulted.

The Sedalia Fire Department was called to the 800 block on West Broadway, where natural gas leaking from a gas line was ignited by a flare pot. No damage resulted.

Other Fires

Fire caused by burning trash destroyed the two-car garage at the home of Lovell Farris, 32nd Street and Massachusetts, at 1:30 p. m. Monday. Damage was estimated at \$1,200, and was partly covered by insurance.

The Pettis County Fire Department answered the call at 1:30 p. m. and managed to save the house, to which the garage was attached, but the plant was blistered and another nearby building was scorched.

The blaze started when wind blew burning trash on top of the garage.

Police Court

Jerry Louis Fox, 312 East Fifth, charged with careless and reckless driving, forfeited his \$25 cash bond.

Charles K. Oakes, Whiteman AFB, charged with driving a motor vehicle while under the influence of intoxicating beverages, forfeited a \$75 cash bond.

Robert A. Heins, 1620 Honey-suckle Drive, charged with violation of the city dog ordinance, pleaded innocent, but was found guilty of the charge and fined \$10.

John Webster, 1610 Honey-suckle Drive, charged with violation of the city dog ordinance, pleaded innocent, but was found guilty and fined \$10.

Ernest C. Martin, 720 West Fourth, charged with careless and reckless driving, pleaded innocent. The case was dismissed by Judge Thomas Keating.

Richard L. Bitzer, 1614 Honey-suckle Drive, charged with violation of the city dog ordinance, pleaded innocent to Judge Keating but was found guilty of the charge and fined \$10.

Fred C. Anderson, 1920 South Lamine, charged with careless and reckless driving, pleaded innocent to the charge. The case was dismissed by Judge Keating.

Frank Bryan Jr., Route 3, charged with petty larceny and driving a motor vehicle while under the influence of intoxicating beverages, was fined \$100 and sentenced to ten days in jail by Judge Thomas Keating.

14th High School Class

Sacred Heart High School Commencement Held Sunday

On Sunday, May 25, Sacred Heart School saw the 14th high school graduation class since the inauguration of the high school in 1940. The previous Friday had seen the 51st class of eighth graders complete their elementary training since the Sacred Heart Parochial school was built in 1907 to take over from the original school which was in existence since 1882. Thirty received their elementary diplomas on May 23rd after a high Mass attended by them and their parents.

The high school baccalaureate service was held on Sunday at 11 a. m. The seniors, the 16 girls in white and the 12 boys in blue caps and gowns marched in procession from the school to the church where, standing within the sanctuary and holding lighted candles in their hands, they rededicated themselves to the Faith and Christian principles pledged at their baptism. They then participated in the High Mass and Holy Communion. The baccalaureate sermon was delivered by the pastor of Sacred Heart Church the Rev. F. C. Laudick, C. P. S., who spoke on the change which the Holy Spirit wrought on the first Pentecost in the fearful apostles. He urged the graduates throughout their lives to pray for the guidance of the Holy Spirit.

At the commencement exercises in the school auditorium in the evening the Rev. Gerald Pelletier was the master of ceremonies. The salutatory was given by John Buckley and the valedictory by Ruth Ann Bahner, who compared the future life of the graduates to the effort to build a triumphal arch, the key stone of which would be a good moral character based on the sound principles taught them during their four years of study at Sacred Heart under the guidance of the Precious Blood priests and Sisters.

The most outstanding recipient of an award was Phyllis Aggeler, graduating senior, who received a \$250 scholarship to the college of her choice, John Godbold, representative of the National Civil Service League, journeyed to Sedalia from St. Louis to present personally this award for the best essay on Civil Service among the thousands submitted by over 3,000 high schools in a seven state area. Congratulatory telegrams to the winner were read, one from Sen. Stuart Symington and one from Rep. Morgan Moulder.

The Rev. J. T. Nolan, pastor of St. Patrick's Church, Sedalia, gave the commencement address. He spoke on the why of the Catholic school system.

Rev. Nolan said that the parents in the Sedalia area are very fortunate to have such a school as Sacred Heart to help equip their children both for this life and the next; but that the parents must cooperate with the school in setting a good example to their children of complete living. Where this good example is lacking in the home the children come to the school confused, problem children, torn between extremes just as the modern world is torn between extremes — love and hate, depression and prosperity. Parents must show their children an example of the balanced middle way.

The Sacred Heart glee club graced the program with four selections. The Benediction at the end was given by Sacred Heart's former pastor, the Rev. A. J. Brunswick, C. P. S.

Guests Over The Weekend At Nelson

By Mrs. Orpha Lee Beeler
NELSON—Mrs. Joe L. Townsend returned home from a hospital in Marshall where she had been a patient since May 11.

Mrs. Lucy Waddell returned Thursday from Sedalia where she visited several days with Dr. and Mrs. E. C. Snively.

Bill Barnes and daughter, Kansas City, spent the weekend with Mr. and Mrs. Paul Barnes, Mr. and Mrs. Lloyd Land and daughter, Marshall, spent Sunday in the Barnes home.

L. M. Arvieux returned home Sunday from Veterans Hospital, St. Louis, and is improving.

Mr. and Mrs. Forest Miller and son, Mr. and Mrs. Clarence Wadleigh and Jane were Sunday guests of Mr. and Mrs. Mabry Irwin.

Mrs. Jennie McClure and J. W. Orrison visited friends in Sedalia last Wednesday.

Lyle Mayfield, Kansas City, spent the weekend with his mother, Mrs. C. G. Mayfield.

Mrs. Clay McGraw and Mrs. Enoch Hutton, Marshall, visited their sister, Mrs. Rosa Mitchell last Friday. Sunday morning, Mr. and Mrs. Frankie Roth, Booneville, visited Mrs. Mitchell.

Mr. and Mrs. Wes Taylor, Marshall, spent Saturday evening with Mr. and Mrs. Ernest Piper and family.

Mr. and Mrs. Lewis Cornine, Blackwater, visited last Thursday with Mr. and Mrs. Dorsey Hutchison and family.

Clark Finley spent Sunday with Mr. and Mrs. Oscar Aldridge.

The grade school pupils and teachers spent last Monday at Liberty Park, Sedalia.

Mr. and Mrs. Richard Younger and children, Sedalia, spent Sunday with his parents, Mr. and Mrs. Adolph Younger.

Mr. and Mrs. Frank Hickerson, Dana Sue Amlich and Jim Hickerson, Fayette, spent Sunday with Mr. and Mrs. Charles Marcum and family.

The Rev. S. A. Sublett went to Columbia Friday to visit Edward Newell, who has been a patient at University Hospital. Mr. Newell shows improvement and returned home with the Rev. Sublett.

Mr. and Mrs. S. Q. Verts and daughter and Mr. and Mrs. Gene Caton and son visited Sunday afternoon with Mr. and Mrs. Danny Payne and family, Raytown.

Mrs. Grace Dwyer

Grace Dwyer Wins High Farm Award

A member of the Missouri Agricultural Extension Service, Mrs. Grace Dwyer, Warrensburg, was presented the United States Department of Agriculture Superior Service Award by Secretary of Agriculture Ezra T. Benson in Washington, D. C., today.

The award was presented to Mrs. Dwyer and 142 other extension workers from other states and the USDA at ceremonies at the Sylvan Theater on the Washington Monument grounds. Mrs. Dwyer was present to receive the award, one of the highest honors the USDA gives its employees.

Mrs. Dwyer, county home agent of Johnson County, received her award "for assisting farm families to plan for more efficient use of resources through home economics clubs and for her success in training new extension workers."

The Johnson County extension worker is a native of Beaman and holds a BS degree in home economics granted at the University of Missouri in 1943. Prior to completing her college education, she had taught at a rural school near Nelson from 1937 through 1941.

Mrs. Dwyer joined the staff of the Missouri Extension Service as assistant county home agent at large in June, 1943. Shortly after joining the Extension Service, she became home agent of Chariton County. She moved to Johnson County as home agent in December, 1945, and has worked there continuously since that date.

Extension Club Holds All Day Meeting

Loveland Extension Club met at the home of Mrs. Louis Elliott, 2230 West Third, for an all day meeting on Thursday, May 15.

The business meeting was called to order by Mrs. Russell Branstetter and roll call was answered by seven members naming "A safety or fire hazard I have corrected". There were five visitors present. After a short business discussion the meeting adjourned and a noon luncheon was served to all.

The afternoon meeting was opened with Mrs. Vivian Faahs showing some pictures she had taken while in Japan and Korea. Miss Opal O'Brian gave some interesting facts on wills, bank accounts, insurance and other legal matters. She also gave a discussion on Civil Defense.

The meeting adjourned to meet next month with Mrs. Logan Siegel.

A Permanent Crusade

While great progress has been made in solving many of the disabling conditions that have plagued mankind for centuries, cerebral palsy continues to wreck havoc year after year. It results from injury to the brain before, during or after birth.

Consider these sobering facts:

Every 53 minutes, a child comes into the world with cerebral palsy. That means approximately 13,000 new cases in this country every year.

It is estimated that there are between 300 to 350 cases of all ages per 100,000 population, or a total number in the United States of 500,000 to 600,000.

It is further estimated that there are over 200,000 cerebral palsied children in this country under 18 years of age.

Cerebral palsy strikes with unrelenting regularity. It is not a disease nor is it hereditary. It respects neither family background nor economic factors. It simply happens and when it does, it

leaves in its wake personal and family problems of monumental proportions.

For instance, cerebral palsy can result in not only one but a combination of disabilities. One victim can have speech, hearing and vision impairment along with lack of muscle control involving the legs and arms.

The vast legion of cerebral palsied, and those unborn who are doomed with the condition, need help, so public attention is directed to this condition, especially during May which is generally recognized as the campaign month.

However no active fund raising drive is conducted locally because the United Cerebral Palsy Association of Pettis County Inc., through the United Fund helps the cerebral palsied of this community and supports a research program aimed at finding what causes cerebral palsy and what can be done to prevent it. Seventy-five percent of the United Cerebral Palsy Fund pledges are used locally.

The Washington Merry-Go-Round

Communists Take Good Care Of Children

(Editor's Note — Drew Pearson reports further today on life behind the Iron Curtain.)

By DREW PEARSON

BUCHAREST, Rumania. — This is a beautiful city of strange paradoxes. In the middle of the city, roosters crow in the morning. Around its most ornate public square you can hear the rain crow calling in the afternoon. And in the evening you hear the rhythm of a jazz band and the wail of a Gypsy flute.

It is a city where the strict doctrines of a Communist regime have clashed with the lackadaisical corruption of down-at-the-heel royalty, and the Communists have won. It is a city where the Russian Army took over from the Nazi Army, and where the landmarks of German energy still stand out — an airport far more modern than New York's La Guardia airport. And a Council of Ministers Building, stern in design but in a way beautiful.

It is a city whose parks are delightful, whose children are well cared for, whose streets are almost empty of automobiles, and whose interesting museums, built by the monarchy, are well managed by the Communists.

It is a city where you sometimes think that free enterprise is confined to the tapping of the bootblack outside your hotel window every morning. He taps his brush on his box to try to drum up trade — his way of advertising. Aside from this there is little advertising in Rumania. The billboards don't promote tooth paste, or hair lotion, or under-arm deodorants. Instead you read billboards promoting the virtues of Lenin and Marx, and the link between Russia and Rumania. Senators Gore of Tennessee and Neuberger of Oregon would have no trouble passing an anti-billboard highway law here.

If you drive under a railroad bridge, the lettering on the trestle does not tell you the name of the railroad. It hails Marx and Lenin and the Rumanian people's republic.

Statues of Stalin

Propaganda is an accepted factor in Rumanian life. It is everywhere. At first it made me figure the United States has not done so well in propagandizing the world for our way of life. But on second thought I concluded that maybe we're not so dumb after all. How would the French like it if we had insisted on putting a giant statue of Dwight D. Eisenhower or Gen. George Marshall in the Place de la Concorde in Paris? Eisenhower is the man who liberated France and Marshall is the author of the Marshall Plan which reconstructed France. But they have no statues.

Or what would the Greeks say if we had placed a giant statue of Harry Truman alongside Plato, Aristotle and Demosthenes near the Acropolis? Truman was the author of the doctrine which rescued Greece.

Moscow has done exactly this by planting huge statues of Joe Stalin everywhere. In their hearts I don't think the Rumanian people or

Guest Editorial

DES MOINES REGISTER: Married College Students. We are mildly astonished to learn that 2706 of the more than 10,000 students at the State University of Iowa are married. Many of them have children. The 2706 at S.U.I. have a total of 2500 children and that total may have increased by the time this editorial appears.

This is a revolutionary change from the days when the overwhelming majority of students were care-free youngsters, worried only about the prospect of getting a date with the blonde with such cute bangs or the handsome youth with a racoon coat. It's a change which has taken place since World War II. In pre-war days, the number of married students never exceeded 5 per cent of the student body.

And return to school of war veterans, aided by G.I. educational benefits, hailed the start of this new era. The trend has continued, thanks to the splendid records veterans made in college and to the awareness of the advantages of more advanced education in this complex age.

The number of married students attending college is likely to increase, rather than decline. This is nothing to deplore, but a healthy development. Parents may think it wise (even if their children don't) for youngsters to postpone marriage while in undergraduate study. But it's quite another thing to ask youngsters, whose grandparents were married at 18 or 19, to delay marriage until after they complete graduate work at 24 or 25.

The policy of the state university of welcoming married students seems to us to be wise. It's in the best interest of these students. It's also in the best interest of society, for the greatest needs are for doctors and scientists and educators who had advanced training in specialized fields.

the other Soviet-bloc people like his constant scowling stare.

The thing you have to remember about Rumania is that it was a rundown monarchy where every royal courtier from the King's mistress down had a hand in the public till. Bucharest was considered the capital of sex, sin, and sensuousness. The late Queen Mother of Rumania was famous for her international affairs. Her son set a royal example to his subjects by bringing his concubine into the palace in such a flagrant manner that his wife, Helen of Greece, went back to Athens.

Communists and Sex

Whether you agree with the Communists or not, they have cut out the sensuousness and they seem to have eradicated a certain amount of sin. But not even the Communists can eradicate sex.

They have been harsh and ruthless in taking over the palaces and estates of the old regime, and crowding onetime nobility into small rooms with no bathrooms. But they have given these confiscated homes to workers. There is bitter resentment from the old nobility and there are cases of genuine suffering. In the store window, set aside for the sale of personal keepsakes, you will see pathetic relics of the past—a statue of a Czarist cavalryman, an old photo of Charlie Chaplin and Lillian Gish, a set of china, a sword worn by one of King Ferdinand's courtiers.

But this is the past. And the Communists are living for the future. They are tough, practical, and on the whole successful.

Future Communists

To see how they were looking to the future I went to some of their schools. One was a nursery school attached to a state factory which manufactures clothing. Mothers working in the factory parked 200 children, from babies to age seven, in the nursery. I found it excellent. In fact it was better than some American nursery schools which my grandchildren have attended, and readers of this column have reason to know what I think of my grandchildren.

The furniture, the decorations, the nursery beds were arranged with taste, cleanliness, and imagination. The manager had no advance notice that I was coming. I simply drove up to the gate, asked to come in.

I also visited a pioneer place, a special relaxation and training school for children, to keep them off the streets and incidentally get them started as young Communists. This one was in the King's old summer palace and it was beautiful. The halls which once housed kings had been revamped into classrooms for study of radio, electronics, telephone, painting, theatre, manual training.

All were extremely well done. There may be a political motive in it. But on the other hand I could find no juvenile crime in the satellite countries, certainly none of the gangs that sometimes plague the streets of Harlem, Brooklyn and Philadelphia. The teen-agers are kept busy elsewhere.

I'll shortly report further on life behind the Iron Curtain.

Tears Behind Laughter

Red Skelton and his wife, Georgia, knew that their son, Richard, was destined to die of leukemia, although the cure for that fatal disease, cancer of the blood, may be just around the corner.

The agony of knowing that one's child has an incurable ailment is like the sword of Damocles hanging over the head. One knows death is inevitable, but one hopes it won't happen right now. Then it happens! The realization produces a stunning effect, even when the end is peaceful and sweet, and the parents believe the child has gone forever into God's keeping.

The Skeltons, like other parents who have known the same anguish, will miss not having to take care of Richard any more; they will miss their son as part of their family life. They will be glad, so glad, that they let him live his few short years to the full. Richard had a trip around the world, he appeared on his father's television show and when he goofed his lines, he only added to the fun of the comedian's role.

The heartache will never really heal, although time will bring memories more dear, and the spiritual nearness will grow more tender. Even knowing that all that was humanly possible was done to save their child is little comfort. A little of the Skeltons died with Richard.

Red Skelton, like Pagliacci, will go on laughing and making other people laugh, though his own heart may be breaking. But he may be consoled that the measure of one's life is not the length of it.

"Never Mind the License---I Know It by Heart"

The World Today

Congress Has Problems Before Quitting

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Congress, anxious to get home for the November elections, has a hatful of problems to solve before it quits. It's almost June 1. At the rate it's going, Congress won't get out of here before sometime in August.

Here are major pieces of legislation still unfinished: defense reorganization, Alaskan statehood, taxes, labor reforms, foreign aid, reciprocal trade, extended unemployment pay, and a space agency.

In addition, action still has to be taken on the usual appropriations bills — voting the money to keep the government agencies running another year.

Defense Reorganization—Neither house has acted on this yet. President Eisenhower months ago asked for a streamlining of the Defense Department.

Alaskan Statehood—Giving Alaska statehood is a question kicked around in Congress for years. The House may decide yes or no this week. If the House boots this aside, no Senate action will have any meaning.

If the House approves, the Senate may still stall because approval of statehood for Alaska is almost certain to bring pressure on the Senate to approve statehood for Hawaii too.

Taxes—Monday President Eisenhower came out against an income tax cut, even though there

Five grade schools of the Hughesville Consolidated District, held picnics marking the closing of the 1932-33 term, they being Mitchell, Hughesville, Prairie Valley, High Point and McCubbin.

1933
Mr. and Mrs. B. A. Bridges passed through Sedalia on their way home to Syracuse from Kansas City, after attending graduation of their daughter, Miss Juanita Bridges, from the Kansas City School of Nursing.

1933
Albert L. Tracy, manager of the Bothwell Hotel, sustained an injury to his right hand when he slipped and fell on a sharp rock while fishing at Spring Fork lake.

FORTY YEARS AGO
Three razors, a fountain pen, a book containing five Wells-Fargo express money orders and a book containing nine Wells-Fargo C.O.D. checks, were stolen from the Missouri Pacific railway station at Smithton Sunday morning, May 26, 1918.

H. L. Frisch, for 11 years assistant cashier of the Farmers' Bank of Stover, started Monday as accountant for the Sedalia Trust Co. He succeeded Will Jakeman, who took a national position at the Citizens' National Bank.

1918
Jack Chaney, MKT telegrapher at Mokane, spent Sunday in Sedalia with relatives.

1918
Miss Bernice Green, daughter of Mr. and Mrs. Fred Green, of Smithton, was one of the Red Cross nurses in personnel of Base Hospital Unit No. 38, leaving Kansas City for overseas duty.

is a recession. So it's unlikely those taxes will be chopped this year.

But unless Congress acts to stop them, there will automatically be reductions July 1 on corporation taxes — from 52 to 47 per cent — and on certain excise taxes, most of them imposed during the Korean War.

Eisenhower asked Congress not to let the automatic reduction take place, for it would mean a loss of about three billion dollars in revenue to the government.

Labor Reforms — By mid-June a bill to put some curbs on unions — or at least on union bosses — should land in the Senate's lap for consideration. This is a hot potato.

If the Senate approves some kind of reform bill, there still won't be any reform unless the House also gives it okay. And maybe the House won't.

Foreign Aid — The House has passed a foreign aid bill, and it may get Senate consideration this week. There's no question foreign aid will be continued. The only question is: How much will Congress cut?

Eisenhower asked \$3,900,000,000. He won't get that much. But first Congress must approve an authorization bill — which sets a limit on how much can be spent — and then it must vote the actual appropriations. That's another eight weeks away.

Reciprocal Trade — Neither House has acted on this yet. The House may start debate on it this week. But it will be sometime in June, at the earliest, before the Senate acts. Some kind of reciprocal trade bill is sure to be passed.

Again the question is: What kind? Eisenhower asked that his power to make agreements with other countries — to lower tariffs on their goods if they do the same on American imports — be continued another five years.

There's been a lot of pressure to boost, not lower, tariffs on imports which compete with American industries hard hit by the recession.

Ruth Millett Says

Earning More Than Hubby Is Not for Wife to Blow About

There is one raise a working wife may get that isn't all profit. That's the one that boosts her pay check ahead of her husband's.

For though the wife earned that raise, unless she shows great tact and understanding, her husband is the one who is going to have to pay for it.

He'll pay for it in loss of face and self-esteem if his wife isn't careful to spare his feelings. To begin with, she shouldn't make a big thing of the raise. She should mention it matter-of-factly and then not mention it again.

She shouldn't let anyone but her husband know that her paycheck tops his. He has to know, but the children don't need to, their friends don't need to and neither do his parents or hers.

Even in an argument about money, she should never stoop so low as to point out that she earns more than he does. Nor should she let the fact influence her to make important purchases without consulting her husband, just as she did when he was the major breadwinner.

If they are just a young couple she can, of course, point out what is probably an obvious fact — that

Extended Unemployment Pay —

The House has approved a bill to give federal loans to states which want to extend unemployment pay to jobless workers who have already used up all this kind of pay to which they're entitled. The Senate starts on it today.

Space Agency — Neither house has yet acted on a bill to establish civilian control over developments for the exploration of space.

In addition to all these items, there are other odds and ends which Congress may tackle before adjourning.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Spark plugs in automobiles represent an insignificant part of a car, so far as comparative weights are concerned. Yet these small parts are very important in the functioning of the engine. The performance of these little plugs is determined by the freedom of an electric spark jumping from one point to another point.

A tiny grain of carbon hinders the performance of a spark plug. A little bit of carbon makes the motor knock. Power is lost. The car does not ride smoothly. Drivers become impatient and unhappy. Back seat drivers criticize the driver. Much of life is affected by an almost insignificant amount of imperfection.

Only a little spot of sin can upset the functioning of a human being. The soul cannot spark a smooth running life if there is a bit of impurity. A foreign substance in one's character upsets his whole being and cuts off his contact with God. His friends and associates become unhappy with him.

We must get the carbon out of our souls if we want to keep our lives running smoothly.

The Word Is Misapplied

Luxury Tax On Items Of Utility 'Burns' Taxpayer

By Esther Van Wagoner Tufty
Of Our Washington Bureau

WASHINGTON — The June 1st deadline for reduction of certain luxury taxes is fast approaching and many taxpayers are telling their congressmen they do not think the word "luxury" always applies.

It's true more than half of the \$10 billion collected by Uncle Sam in such excise taxes comes from liquor, beer, and tobacco but the proposed reductions are not drastic. For example, the tax on alcoholic beverages would be lessened from \$10.50 to \$9.00 per proof gallon; the \$9 tax on beer reduced to \$8 a barrel; cigarettes from \$4.00 per thousand to \$3.50.

The agitation to reduce excise tax on automobiles from 10 per cent to 7 per cent (or to eliminate it entirely) has mounted with the depressed condition of the motor industry.

Many a motorist claims his auto is merely "transportation" and not a luxury. Neither does he think that the telephone service and railroad tickets he buys should be so taxed.

But it's the American woman, (who does most of the buying) who is most outraged and there is no June First reduction in sight on her special items. She'll go along on jewelry and mink, but a tax on her lipstick and other beautifiers is called an outrage. (After all, not many women are so beautiful they can afford the luxury of not wearing lipstick.) Mothers call a TV set a necessity as a substitute for a baby-sitter.

The "silliest example," often quoted, is the luxury tax on light bulbs!

What's the alternative in these days when Uncle Sam is running deep into the red? The only suggestion is to tax more heavily the few with "luxury" incomes.

Your Child's Health

Polio Seems On Way Out, But Danger Is Still Great

By Edwin P. Jordan, M. D.

That terrible disease known as poliomyelitis was on the wane during 1957. Public Health Service statistics indicated that there were 5,894 cases of the disease last year in the United States, compared with 15,400 in 1956 and 29,270 in 1955.

The lowered number of cases of polio has been accompanied by a low death rate. But before bidding farewell to this disease, one must remember that it tends to fluctuate rather widely from year to year and from place to place.

In 1938, 1942 and 1947, for example, the rates for polio were quite low in spite of the fact that the Salk vaccine was not yet available. Consequently, we must remain cautious about assuming that polio is finally licked.

There are many things about polio which have been learned, but there is more still which we need to know. There is, for example, little doubt that two or three doses of the Salk vaccine give a great deal of protection, though it is still uncertain as to whether still better vaccines will be developed.

The frequency of polio in grown-ups appears to be increasing. Furthermore, it is a more severe disease in adults than in children, both from the standpoint of producing paralysis and deaths.

There also seems to be some differences between the sexes in susceptibility; among children more males are involved, but among grownups more women.

Certainly, because of the high risk to adults, they should be vaccinated also, particularly up to the age of 40. Incidentally, now is the time to do it rather than waiting until there is an increased frequency of the disease this summer.

Since there is no absolute way of preventing polio, one should still remain alert for possible signs of this disease. The first symptoms, as a rule, are like those of any other infection and include fever, headache, dizziness, irritability and the like.

Slight stiffness in the back is quite common in polio, but it may be all too easy to suggest to a child that he has a stiff neck when this is actually not the case.

One form of the disease is known as bulbar poliomyelitis. Here difficulty in breathing is the most important symptom. This is the kind in which the so-called iron lung is used. The instrument is designed to make breathing possible during the time when nature is unable to accomplish it.

The treatment of early polio

What They Say

IRWIN RAUT (703 West 7th St.)

—The city operates Bothwell Hospital, why not a rest home? The numerous rest homes that are springing up all over the country are in themselves evidence that there is need to take care of people who, as Mr. Edwards says, are really not hospital cases. The other day I read an article which recommended a graduated scale of hospital rates depending on the amount of care required. If the Hubbard Park Rest Home was under the supervision of Bothwell Hospital it would assure good management of the home, and would also relieve Bothwell Hospital.

I think that credit is due the good people who have met the emergency of supplying care to people who could not be provided for in their own homes. At the same time there are fire hazards in houses that have not been constructed especially for rest homes. There is also the obligation that rests on the city to take care of these cases properly. I am not talking about free service, but rates cheaper than a hospital requires.

It is only a matter of time until the city will be forced to face the issue. Why not now?

Moore Plans Another Shot At Title Bout

SAN FRANCISCO (AP)—Light heavyweight boxing champion Archie Moore, whose boxing life keeps rolling right on through his 40s, plans a promotion campaign to win another shot at the heavyweight crown.

"Retire, why should I retire?" he asked Monday night after handing veteran Charley Norkus a thorough beating in 10 rounds. "I gave the better part of my younger days trying to learn this boxing game."

Moore did not break the all-time record for knockouts he shares with the late Young Stribling at 126, but he has probably had few easier work evenings.

Relying mostly on his left hand, Archie did not lose a round as he jabbed and hooked to the head and body. Norkus, 29, from Port Washington, N. Y., came off with a bloody nose and battered face.

Weighing a pudgy 196, all of 21 more than the light heavyweight limit, Moore came in three pounds heavier than his opponent, who always has been a heavyweight.

Moore says he'll be glad to give Canadian Yvon Durelle a chance at the title in exchange for a \$100,000 guarantee or he'd like to fight heavyweight contender Eddie Machen here for a guarantee.

In the immediate future, the 175-pound class champ plans a fight in about two weeks at Sacramento, Calif., if an opponent can be found. Then he'd like Machen, adding, "when I knock him out, I'll put on the campaign to get Patterson into the ring with me again." Floyd Patterson is the heavyweight champ.

Duke Snider Pays Visit to Doctor About Left Knee

PHILADELPHIA (AP)—Duke Snider paid a secret visit to a New York physician yesterday hoping to learn why his ailing left knee is failing to respond to treatment.

The knee, which underwent surgery last November, has become progressively worse in the last three weeks, said the worried Los Angeles slugger.

"I went on my own," he emphasized. "The front office knows nothing about this. I told Bavasi (General Manager E. J. Bavasi) and Dr. Wendler (club trainer) that the knee was getting worse instead of better. I wanted them to get in touch with the doctor who operated. They did make an attempt to contact him by telephone but he wasn't in."

Snider, who hasn't been in the starting lineup since a week ago last Sunday, said the New York doctor assured him the operation was a success and that he should be back in the lineup within a few days.

"He told me the knee was still inflamed," the Duke said, "and some fluid had collected around the joint. That was the reason for all the pain. He gave me a shot of cortizone, which is supposed to deaden the pain. Right now it hurts worse than ever but I'm told it takes 24 hours to work."

Snider said the knee began to swell anew after a 14-inning game with the Phillies in Los Angeles May 5. It is Snider's feeling he began playing too soon.

Manager Would Improve 'Duster' Pitching Rule

CINCINNATI (AP)—Renewed uproar over "duster" pitching has put the spotlight on a little study being made quietly by National League President Warren Giles.

General Manager Joe L. Brown of Pittsburgh's Pirates is the latest to complain after a brawl broke out last Sunday in a Pirate doubleheader with San Francisco's Giants.

Giles talked with Brown by telephone Monday and said later, "I believe the rule can be improved but I didn't want to recommend any change until I have conferred with more men in baseball."

Duster pitching is what players call deliberate throwing close to a batter to shake him up or intimidate him. Some managers call it murder when this kind of pitching turns into a beanball—hitting a batter on the head.

The league president said he has already talked about the duster rule with some general managers, officials, and members of the baseball rules committee, and will continue "until I feel there is support for a change."

Under the present rule, an umpire who figures a pitcher is throwing deliberately at a batter can warn the hurler, and if it is repeated, throw him out of the game.

Giles plans to confer with Baseball Commissioner Ford Frick and American League President Will Harridge after he makes up his mind on the rule. The baseball rules committee does not meet until called.

The star 61 Cygni was the first star whose distance was measured.

Cleveland Bumps University City

ST. LOUIS (AP)—In a strictly St. Louis affair, Cleveland bumped University City 2 to 0 yesterday for the Missouri High School Baseball Championship.

Cleveland, a city school, copped the crown on the strength of a thrifty four-hitter by Bruce Mills. The championship game attracted a showing of 1,000 at Busch Stadium.

University City, a St. Louis County school, couldn't master Mills' delivery. Seven of the losers fanned.

Mills is the same hurler who set down Sikeston 6-1 Friday in the semi-finals.

The victors shoved their two runs across in the second inning. Three singles with a force play and a stolen base sandwiched in between did the job.

There are more than 7,000,000 pleasure boats now in use in the United States.

Carl Erskine Gains Second Complete Win

By ED WILKS
The Associated Press

A year ago, Carl Erskine was prepared to quit if his arm trouble didn't respond to treatment. Today you'd have to tear that Dodge uniform off his back.

The Happy Hoosier gained his second complete game victory last night, following up a shutout victory over St. Louis eight days ago, with a two-hit, 2-1 decision at Philadelphia for the last-place Los Angeles Dodgers.

The fourth-place Chicago Cubs were beaten 4-3 at Milwaukee in the only other National League game scheduled.

Only one game was scheduled in the American League, and the Kansas City Athletics won it, beating Baltimore 5-4.

Erskine, once the ace of the Dodger staff, was shooting for his third no-hitter for 5 1-3 innings, and had a one-hit shutout until the eighth while ending Robin Roberts' comeback winning streak at three. The Dodgers scored in the fourth on Don Zimmer's two-run double off the left field screen.

Erskine, while padding his record to 3-2 against the Cards and Phils, a couple of pushovers for the 31-year-old right-hander, looked plenty sharp in this one. He walked four, fanned four; giving up a single to rookie Chuck Essegian with one out in the sixth, and a single to Willie Jones in the eighth. A walk, Roberts' sacrifice and Richie Ashburn's fly ball brought Jones home with the run.

Don McMahon won his third

Robinson Won't Fight Again This Season

NEW YORK (AP)—Sugar Ray Robinson says he isn't going to fight again this year.

"I can't afford to," says the middleweight champion. "The way the tax situation is it would even cost me money."

That's the way Ray sees it today. He's been known to change his mind.

Robinson discussed his future plans after he seconded his sparring partner, Otis Woodard, 160½ of New York, to a second straight victory over Eddie Andrews, 159½, of Lowell, Mass., at St. Nicholas Arena last night. Andrews once again had ex-middleweight king Rocky Graziano in his corner.

Woodard opened nasty cuts over both of Andrews' eyes to win on a TKO in 2:41 of the fifth round. Robinson remarked he was in the 95 per cent tax bracket.

"Uncle Sam would take all I make if I fought this year," said Sugar Ray, "and some of what I have. The government is still holding \$514,000 again—taxes I may owe."

"The way I figure it three-quarters of the money that goes to foreign aid is mine."

Without defeat for the Braves, riding in on Ed Mathews' 11th homer in the eighth after Lew Burdette had blown a 3-0 lead, Burdette gave up 10 hits in his 5 2-3 frames. McMahon allowed just one single the rest of the way.

Frank Torre's second 1958 homer, following a walk to Mathews and Billy Bruton's single, built the 3-0 lead in the fourth against Moe Drabowsky.

Iowa State Basketball Star on Wilt's Team

AMES, Iowa (AP)—John Crawford, Iowa State basketball star, says he'll play on Wilt Chamberlain's barnstorming basketball team this summer.

In making his announcement, Crawford disclosed some new details of the venture.

He said two former Temple players will be on the squad—Guy Rodgers and Hal Lear. Rodgers was an All-America last season.

Crawford also said the first games will be about July 1 in Brazil and the opponents for the tour will be the House of David.

Wilt the Stilt withdrew from Kansas University last week and revealed plans for the tour. He was an All America at Kansas as a sophomore and junior.

Norman Topping Is President of USCLA

LOS ANGELES (AP)—The University of Southern California, without a president since last July, has selected a former student for its top post.

He is Dr. Norman H. Topping, 50, a scientist and educator, who got both his bachelor of arts (1933) and M.D. (1936) at USC.

His appointment was announced by Asa V. Call, president of the school's Board of Trustees. Topping succeeds Dr. Fred Fagg, who retired last year after 10 years' tenure.

Topping has been a vice president of the University of Pennsylvania since 1952.

League Pennant Race Gets Back Into Old Grind

By THE ASSOCIATED PRESS

The tale of Casey and the Seven Dwarfs, sometimes known as the American League pennant race, gets back to the old grind tonight after a refreshing change of pace yesterday, when the New York Yankees failed to fatten their first place bulge.

They couldn't. Neither the Yanks nor second-place Boston were scheduled. Only one game was in the books, and that one gave Kansas City a 5-4, 10-inning victory over Baltimore on relief pitcher Murry Dickson's home run.

The Yankees take an unprecedented pre-Memorial Day lead of nine games into Kansas City tonight, with unbeaten Bob Turley looking for his eighth victory.

The A's were blanked for three innings yesterday by Connie Johnson as nine-year veteran Jim Busby's first major league grand slam homer pushed the Orioles into a 4-0 lead in the fourth and chased Ralph Terry. But the A's

then counted three in their fourth, idle San Francisco, beating the Chicago Cubs 4-3 on Ed Mathews' 11th home run. Carl Erskine tossed a two-hitter as Los Angeles defeated Philadelphia 2-1.

Dickson, the 41-year-old National League castoff, blanked the Birds on four hits in his 6-2-3 innings, walking none and striking out five before getting the job done himself against Arnie Portocarrero, now 2-2.

In the National League, Milwaukee edged within two games of

30 New Retail Stores

With the people and the money to support them?

THINK OF THE BOOST 30 more stores would give the economy of your town! Think of the new jobs and income they would provide.

This is but one of the many benefits your town could enjoy if A SINGLE INDUSTRY, employing 150 men, moved in. Here are some others:

- A new annual payroll of \$500,000
- New plant investment of about \$400,000
- New taxable valuation of \$2,000,000
- Jobs to support 1200 more people.
- Market for nearly \$500,000 worth of farm products
- Opportunity for 34 more professional men
- Sales and service of 300 more cars
- Addition of 9 school rooms
- Additional rail freight of \$110,000
- And many new civic improvements

INDUSTRIES ARE CONSTANTLY searching for a good location in Missouri's towns. No community can afford to be overlooked.

Radioactive Fallout Discussed By

The Ringen Neighbors Extension Club met at the Community Hall for their May meeting with Mrs. W. C. Corlew and Mrs. E. J. Feig hostesses.

Mrs. Corlew opened the meeting and gave the devotional. Fifteen members answered roll call with "What are the needs of the youth in our community?"

The second food lesson, "Home freezing of fruits and vegetables" was given and also some jams and jellies were displayed and sampled at the close of the meeting. The third lesson on personal appearance was given showing the different types of necklines.

A report on "Radioactive Fallout on the Farm" was given by Mrs. George Cook. The news letters were read by Mrs. Corlew and Mrs. Leo Hoehns. A health report on the needs of Mercy Hospital was given by Mrs. E. J. Feig.

The next meeting will be on June 12.

Answer Roll By Giving Good Health Habit

The May 12 meeting of the Bothwell 4-H Club was held at the school with 17 members present.

Roll call was answered by naming a good health habit and a demonstration was given by June Greer. The group spent some time learning how to make litter bags and a discussion was held on the safety posters.

The next meeting will be held at Bothwell School on June 9.

A 31-Day Record

Long Undersea Tour Gives Sub Crew an Eerie Feeling

EDITOR'S Note—The Navy has announced that two U.S. submarines, Skate and Seawolf, have completed a record-breaking month under water. What did it feel like cooped up in an atomic submarine?

By LOUIS E. KLEINLEIN
Sonoran 1-C, U. S. Navy
BOARD THE U.S. S. SKATE,
GROTON, Conn. (AP) — Cruising

beneath the surface, with no feeling of motion whatsoever, was a very eerie feeling.

This feeling of suspension must be what a whale feels when he swims under the ocean. We spent a long and tiring 40 days at sea, but surprisingly none of us had that "bottled up" feeling.

For more than 31 of those days we were totally buttoned up under the water. This was longer than any men have remained under the sea before.

Reading was a favorite pastime. The most popular books at the beginning were "Peyton Place," "Omenhead," and "Don't Go Near The Water." But books became a little boring.

Movies were shown in the mess hall every night. Some of the movies were "The Benny Goodman Story," "Underwater," "Away All Boats," and "The Country Girl."

As the days passed, a fad started for exercising with the muscle-building outfit, so timely purchased before underway time. Everyone took a crack at it.

The crew's attitude was good all the way. No tension developed at all. I suppose this will be a surprise to many, especially when they imagine themselves with more than 80 others in a sealed pipe 250 feet in length and 25 feet in diameter.

We had virtually no news of the outside world. We did learn of the stoning of Vice President Nixon in South America and of the pay raise passed by Congress. These scraps of news came to us during reception of official messages received by radio.

But after 20 days the games began to wear off and we all became in pretty good shape by the thirty-country fresh and our source of "sunlight" via the neutron was still bright.

Beards began to blossom out in good shape. Everyone tried to outdo the other. I attempted to trim mine in the gay 90s style. It was in pretty good shape by the thirty-first day. I'm still wearing it. My

Memorial Day Deaths Set at 350 Persons

CHICAGO (AP) — Traffic accidents in the nation will kill an estimated 350 persons during the Memorial Day holiday weekend, says the National Safety Council. The council's predicted toll is for the period from 6 p.m. (local time) Thursday to midnight Sunday. The 350 estimate is about 50 more deaths than would be likely if the period were not Memorial Day weekend, the council said.

The council said that the estimate could be kept lower "if a large enough number of motorists and pedestrians use more care and judgment than they do habitually."

An estimated 40 million cars will be on the highways during the 78-hour holiday period, the first extended weekend of the spring season.

Seeks to Head Off Aircraft Plant Strike

ST. LOUIS (AP) — The Federal Conciliation Service today seeks to head off a strike of 15,000 employees of McDonnell Aircraft Corp. — Missouri's largest employer.

Members of Machinists Union Local 9 voted Sunday to reject what the company said was its final offer.

The company offered a wage increase of from 11 to 20 cents hourly the first year and 3½ per cent the second year of a two-year contract.

The local wants a 15-cent cost of living increase plus a 6 per cent raise, or 30 cents total, which ever is higher.

wife, Bett, doesn't like it, but I am going to attempt to keep it a little longer.

The most difficult part of our journey was now nearing, but this was chiefly for the smokers in the crew. That includes just about everybody.

Our oxygen banks were empty. To freshen the air we began to bleed into the sub high pressure air from our air banks, which are normally used for surfacing the boat. This air was later pumped back into a low air bank.

The first noticeable effect of the thin air was that a match, when struck, would immediately go out. Eventually, it took four or five matches struck together to get a light for a cigarette.

We surfaced at 7 a.m. on Sunday, May 25. It was like the end of a dream.

Knowland Will Oppose Soviet Aid

WASHINGTON (AP)—Sen. William F. Knowland (R-Calif.) said today he will oppose vigorously proposed authority for President Eisenhower to furnish economic aid for Soviet satellites.

Knowland, Senate Republican leader, said in an interview he will fight this provision in a \$3,707,000,000 foreign aid bill which may come before the Senate later this week.

"I do not think the granting of mutual aid to Communist countries can be justified," he said. He said his effort will be directed primarily toward shutting off any assistance for Yugoslavia and Poland.

As approved by the Senate Foreign Relations Committee, an amendment to the House-passed bill would authorize the President to provide economic aid to any country except the Soviet Union, Communist China and Communist North Korea.

In doing so, the President would have to find that such assistance would (1) strengthen U.S. security by enabling "freedom loving peoples" to gain additional release from Red Chinese and Soviet domination, (2) strengthen their efforts to make their governments less dependent on Moscow, and (3) reduce their economic dependence on the Soviets and Red China.

Knowland said State Department acceptance of the amendment will not deter his opposition. He said he had no plans to discuss he matter with Eisenhower.

The theory on which the mutual security program was founded was to provide help for nations in maintenance of the free world," he said.

"On foreign policy matters, Yugoslavia has voted against us and with the Soviet bloc 90 per cent of the time in the United Nations. It has attempted to undermine us in the Far East and in NATO," he added.

His 32,468th Cigar

OAKLAND, Calif. (AP)—Hiram Franklin Deaner sat back contentedly after dinner last night and lit the 32,468th cigar of his life, the first in a birthday package of 107—one for each of Deaner's years.

Deaner, a retired piano tuner, figures he's been smoking a cigar a day since he was 16.

"I'm a little hard of hearing," he said, "and I wear glasses. But there's nothing wrong with my memory."

His recollections include one of watching President Abraham Lincoln drive into Gettysburg, Pa., to deliver that immortal address. But the then 10-year-old Deaner didn't stay around for the speech. He ran off to play with some friends.

Ten in Hospital After School Bus Crashes

HALIFAX, Va. (AP) — Larry Conner, 17, was finishing his second trip as a substitute driver of a county school bus yesterday when he momentarily blacked out, he said.

The bus, loaded with high school and elementary school pupils on their way home from classes, left the highway and hit a tree. Eighteen of those aboard, ranging in age from 7 to 16, were injured—none critically.

Ten of the young victims still were hospitalized today.

State Trooper R. A. Adams Jr. said the bus was traveling about 35 m.p.h.

Conner, who received his driving license four months ago, said he couldn't explain his blackout though he had not felt well all day.
